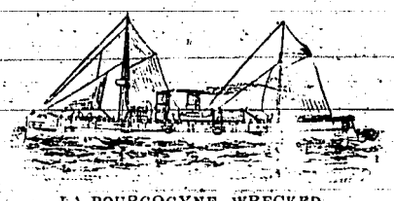
SIX HUNDRED LIVES LOST

By Collision off Sable Island--Two Large Liners.

Delay at Santiago—Cervera and Prisoners Sent to United States. Camara Must Move On.

SAVING SPANISH VESSELS.

NEW YORK, July 6.—Reports here say La Bourgogne which left here the 2nd, is wrecked off Sable Island in collision; 600 lives lost; 200 saved.



LA BOURGOGYNE, WRECKED.

HALIFAX, July 6.—Ship Cromartshire arrived this morning in tow. Reports she was in collision off Sable Island with French liner, La Bourgogne. Latter sank; 500 lives lost.

NEW YORK, July 6.—The collision occurred July 4th in a dense fog. Among passengers a Monsieur Dubosc, possibly a Spanish attache. He purchased his ticket to Montreal. They believe he was aboard. Madame Lacasse of Planfield, N. J., the only woman saved.

Later estimates show about 800 souls, passengers and crew, on the La Bourgogne, of whom 600 perished. Among the passengers on steamer was Anthony Pollock a prominent wealthy lawyer of Washington city, accompanied by his wife.

HALIFAX, July 6.—Lacasse rescued his wife. He says the scene on the Bourgogne was terrible beyond belief. He jumped with his unconscious wife to a raft, and struck it by luck. Only some small boats were launched, which capsized and the occupants drowned. According to log of Cromartyshire the French liner ran into the ship and carried away the latter's bows. She lay to to receive all that were saved. Bourgogne's list contains names of 72 women, of whom 71 were lost.

NEW YORK, June 6.—A revised list of dead is 300 passengers and 220 crew. Halifax survivors say the Bourgogne was going at the rate of eighteen knots when she collided with the Cromartyshire.

Later advices from Halifax show only 60 passengers saved. Others rescued were ship's people, waiters, sailors, etc.

HALIFAX, July 6.—Passengers who survived say fully ten minutes elapsed after the collision before the Bourgogne sank, and there was ample time to save some women and children. Mrs. Lacasse says that many foreigners fought madly for places in boats, and wildly pushed aside women and children.

NEW YORK, July 6.—The Dubose on the Bourgogne is definitely learned to be a wholesale miller of Montreal.

WASHINGTON, July 6.—The War Department posts the following from Gen. Shafter: "Camp near Santiago, July 5.—I am just in receipt of a letter from Gen. Foral agreeing to exchange Hobson and men here; will make exchange in the morning. Yesterday he refused my proposition for exchange."

Army headquarters is informed that an exchange was effected this morning.

Shafter wires: The Iroquois sailed two days ago with 300 wounded. The Cherokee sails today with 325 wounded, bound for Key West hospital.

Shafter wires that rains have been extremely heavy and his command is worn out. Army headquarters does not expect any action before Friday or Saturday. They believe the army must be reorganized.

Red Cross reports of destitution has resulted in causing rush orders for supplies.

A bill was introduced today promoting Sampson to be Commodore, ranking ahead of Schley.

Owing to heavy storms off the south coast of Cuba there is much trouble in getting transports north and furnishing convoys. This delays reinforcements.

The Iroquois with wounded has arrived at Key West. List of wounded will be wired at once, and they will be rushed to Norfolk by hospital train.

WASHINGTON, July 6.—Sampson ordered to send all prisoners to U. S. The officers, including Cervera, go to Fort Warren, Boston. The men go to Portsmouth.

WASHINGTON, July 6, 12:15—Cervera and all officers of the Spanish fleet sailed from Santiago for Portsmouth prison this morning in the St. Louis.

WASHINGTON, July 6, 12:40.—Remainder of 1714 Spanish prisoners at Santiago will come north in Howard's convoy and be imprisoned at Leagers Island, off Portsmouth.

Supplies will be sent to Santiago, so that should Santiago surrender there will be food for captives.

SUEZ, July 6.—Camara's fleet has arrived and has been ordered to leave within twenty fours, without coaling.

MADRID, July 6.—Parties are divided as to peace; the Conservatives, Liberals and Republicans favor it, the Misitary party and Carlists opposing.

WASHINGTON, July 6.—2:30. The War Department has arranged with the Merritt Wrecking Company for the raising of the Colon, Oquindo and Theresa, and think they can be saved. The others cannot be saved.

Choosing a New Pastor.

A meeting of the North Berkeley Congregational Church will be held this evening in response to a petition signed by twenty-two members and presented to the supply committee. The congregation wish to extend a call to Rev. Clark Robbins, hence this meeting, in which they expect to decide this question. Rev. Robbins was a former pastor, and resigned in order to take special study at Stanford. He was beloved by his whole congregation, and it will be a great addition to Berkeley religious circles if he can be secured.

University Oyster Cafe.

Thursday will see the opening of the University Oyster Cafe at 2125 Stanford place, a branch of the East Baltimore Oyster Grotto. The cafe will be appreciated by all lovers of the toothsome bivalve who have long wished for such a place. The cooking will be done in sight of the patrons and gas stoves will be used exclusively. Strict cleanliness will be one of the mottoes of the new firm. A specialty will be made of short orders, and steaks, chops, cold meats and all kinds of delicacies will be kept constantly on hand. Oysters, clams, shrimps, lobsters, crabs, tomales, etc., will be sold at wholesale and retail, with free delivery to all parts of town. A trial order or meal at the new establishment will convince the most fastidious.

IDENTIFIED AS A BERKELEY CITIZEN.

The Man Killed by the Train was Daniel Black.

Post Mortem Shows a Terribly Mutilated Body—Cause of Accident Unknown.

The unknown man found at First and Broadway at 11 o'clock Monday night, proves to be one of Berkeley's citizens, Daniel Black of Addison street.

Monday morning Mr. Black left home to attend the celebration in Oakland, and when he did not return that night the family became alarmed and began a search for him. Ben Calhoun, a relative, with the help of Constable Gus Cook located the body of the missing man at the Oakland morgue, where Mr. Calhoun identified it. The family read of this man being found but had no idea it was Mr. Black.

It is believed by the family that he attended the celebration in Oakland, then went to San Francisco and when returning boarded the wrong train, discovering his mistake it is supposed that he tried to jump off and was instantly killed. His hat was found on the Alameda train and as he was a man of unusually good habits, but one who is easily excited. This is the only theory that can be advanced.

He is about 47 years of age and resided on Addison street, near Mary street, with his sisters, Mrs. Flaker and Miss Black, also a brother, James Black. Besides these he has several other relatives residing in Berkeley.

The post mortem last night revealed the fact that death resulted instantly from fracture of the heart. Most of his ribs were broken and both feet were cut off near the ankle.

Funeral services are to be held in St. Joseph's church tomorrow morning at 10 a. m., where requiem mass will be held.

When you use soap get 8 bars of Monarch for 25 cents at Coryelle's store 2136 Dwight way. Let him quote prices.

An Imposing Beauty

Last Saturday witnessed the raising of a splendid flag pole in front of St. Joseph's school, next to the church. The pole stands 74 feet high and on the 4th the stars and stripes were floated to the breeze. Father Phillips hopes to have a handsome new flag to run up the pole before a great while.

Honor for Dr. McCleave.

A Family Prominent in the Army Service

Dr. Thomas C. McCleave has received another brilliant advancement, his latest achievement being his appointment as acting assistant surgeon in the United States Army.

Dr. McCleave is fully capable of filling his honored position, having graduated from the Cooper Medical College with the class of '96, and since then holding the position of resident physician in the Lane Hospital, San Francisco. Dr. McCleave is essentially a Berkeley boy, having lived here the greater part of his life. He graduated from the Berkeley High School with the class of '90, and four years later he took his degree from the University of California.

Dr. McCleave comes from an honored family, there now being three sons in the army service. Their father, Captain William McCleave, is a retired officer. Robert is a second lieutenant, while Edward recently enlisted in the Fourteenth Infantry.

Dr. McCleave left for Chickamauga this evening, where he will enter upon his duties at once.

AFTER he surrendered Cervera said: "I would rather lose my ships at sea, like a sailor, than in a harbor. It was the only thing left for me to do."

In ordering a blockade of all Porto Rican ports notice was given that all vessels of neutral disposition should leave within thirty days. Cervera smelled the mouse and thought that the President might declare Porto de Cuba, where he was recupera ing, to be blockaded; since he knew little of the whereabouts of Brother Sampson, and took the opportunity to clear the harbor. Cervera has shown a "neutral" policy for about two months—that is, he didn't belong to Blanco and didn't want to belong to America.

A DIPLOMATIST of high standing in the Spanish government informed a representative of the French government that he saw no reason which should prohibit the Spanish government suing for peace, since the recent encounter of Cervera had satisfied national "honor." The time for suing for peace was before Uncle Sam had to roll up his sleeves and give the lesson "learned at father's knee." Blanco may be sly, but we have "Schleyer" men in the ring, and since all comes our way we have lost no "honor" and are hunting for Spanish "honor," which is as scarce as a square meal at Mojave.

REGARDLESS of the vituperation given Cervera by Blanco, it seems that the only fighting yet done and the only real warfare carried on was carried on by our "detained" guest—Admiral Cervera. While Blanco kept tag on the "mules" slain by the Americans in reducing San Juan, and devoured tortillas and chile con carne, Cervera was giving inspiration to American gunners on the Brooklyn and Iowa. Americans appreciated the valor of Cervera and complimented him upon the desperate attempt for liberty, but there can be no epitaph suitable for Blanco unless the quotation, "Here rests his head upon the lap of earth, a youth to fortune and to fame unknown," might seem appropriate.

Looking Forward.

"Did you know there was gold in sea water?" asked the man who likes to read collections of queer facts.

"No," replied his busy friend. "But if Spain had a few more ships we'd make it taste pretty strongly of iron rust."

Another Congressman.

"Talk about bright babies!" exclaimed the proud father. "Talk about children who are going to be big men some day!"

"But isn't it rather early to prophesy? He can't talk yet."

"Can't talk! Just listen to him! Of course he doesn't say anything, but that's the beauty of it. He's a natural born filibuster!"

CHARITY ABROAD.

The fame of the local Red Cross Society has been so liberally heralded through the press that its excellent work is known at many points beyond our municipal confines.

The prominence given the policy of the local society has stimulated a nice contribution from the employees of the powder works at Pinole.

Mrs. Georgia Greenleaf yesterday received an appreciated donation in the sum of $7, which on the check was specified as a contribution to the ship fund.

The project advanced by the local society to secure a hospital ship is meeting with great satisfaction and wherever the young men are subjected in their manual labors to the liability of sudden death, like at the powder works, they fully realize the value of a hospital corps.

This neat sum will be as highly appreciated by the local society as if it were trible the amount, in view of the fact that it comes from a remote quarter and was entirely voluntary. The donation is publicly acknowledged in these columns and all interested in the work express their warmest appreciation.

THE BOND OF FELLOWSHIP

Men in all degrees of society are fast becoming aware that our national borders have been so extensively widened of late years, and the prejudicial spirit has been so generally obliterated, that we have reached a most cordial hand to our kinsmen across the Atlantic.

The general diffusion of knowledge and dissemination of truth and education have broadened the views of both Anglo-Saxon nations, and today the "child" of old England has experienced such an enlargement of the heart that he can confidently look his English parent in the face and listen to words of counsel, and plan for co-operation that will strengthen the policy of both, and seek means for protecting their several and individual interests.

The strength and stability of young nations is better strengthened by association to kindred nations which have for centuries maintained a noble prestige and vantage in the arena of internecine conflicts. Such we believe is today the case with the American government, and in the testing ordeal now confronting our national policy it is a comforting thought to realize that the kindred nation, which perhaps is more conservative and less given to hasty declarations of war, is rallying loyally to our support, and promulgates with increasing fervor the union of forces for protecting the interests of Anglo-Saxon races.

Authentic declarations of the policy of the great English nation in connection with liability of suffering intervention from disinterested nations at the climax of the castigation which we are now administering to the Spanish "schoolboy," will produce a hearty desire for strengthening the bonds of union among all Americans.

Through the courtesy of the Rev. James Hunter of Golden Gate, who is favorably known to Berkeleyans, and has occupied the pulpits of the various churches, we publish a letter which bears a satisfactory interpretation of the feeling entertained by English statesmen for the ultimate supremacy of the American cause in our conflict, and the attitude which she assumes in reference to the proposed effort to dissipate the immutable union of the great ruling powers, America and England.

The letter is his reply to a communication which expresses the feeling of union which is becoming more universal in our country, and gives a synopsis of the society, educational interests and political condition of progressive America:

"10 DOWNING STREET,
WHITEHALL, S. W.,
June 16, 1898.

DEAR SIR: I am much obliged to you for your interesting letter of May 30th. I do not doubt the accuracy of your diagnosis of the feeling in certain sections of American society; similar statements have come to me from other quarters. They do not, however, alter my own view, either as to the policy of this country or as to the ideal at which England and the United States of America should aim. As regards the policy of this country I hold, and shall always hold, that their interests and the highest interests of humanity are bound up in drawing closer the bonds of union between them. I remain,

Yours faithfully,
A. J. BALFOUR.

The Rev. JAMES HUNTER."

A most serious interpretation should be given the foregoing message.

Eminating as it does from the First Lord of the Treasury in high diplomatic preferment in the English Government, it privately, yet enthusiastically, declares the policy of the greatest maritime power that graces the briny deep.

In this period of commotion, when national foresight is dimmed by the accumulated shadows of cruel war, it seems consolatory to realize that there exists such a sympathetic chord between the greatest nations extant.

It was an inspiring sight to witness the entwining and festooning of the Stars and Stripes and the English colors upon the Fourth of July, but it affords greater consolation and satisfaction to realize that there is a greater and more sacred union of hearts and hands.

STRATEGIC SUGGESTIONS.

Leander J. McCormick Gives the War Department Some Valuable Hints.

Leander J. McCormick of Chicago is so much interested in the war with Spain that he follows closely every strategic movement made by the army and navy and from time to time sends suggestions to the authorities in Washington. His latest suggestion, if carried out, would make Aguinaldo, the Philippine insurgent, a general in the American army. After discussing the subject with several friends the other day Mr. McCormick sent the following telegram to Secretary Alger at Washington:

CHICAGO, June 14.—Would suggest making Aguinaldo a general in the American army, thus avoiding future complications at Manila.
LEANDER J. MCCORMICK.

According to reports from the war department, Secretary Alger considers the suggestion a good one, but because of established laws which prevent an alien from holding military or civil office in the United States he cannot apply it. It is possible Mr. McCormick had something to do with the sinking of the Merrimac in the entrance to Santiago harbor. On May 25 he sent the following telegram to John D. Long, secretary of the navy:

Sink a hulk in the channel entrance to Santiago harbor and thus keep the Spanish fleet in or out.

Ten days later the news came of Hobson's brave deed. Whether it was the result of Mr. McCormick's "tip" or not may never be made known.—Chicago Tribune.

PLANS FOR OUR PRISONERS.

Secretary Alger Thinking of Confining Captured Spaniards at Atlanta.

The question of the disposition of Spanish prisoners of war has not been decided fully, but it has been almost decided to establish a prison at Atlanta. If the 15,000 or more Spaniards are captured at Santiago, they will probably be brought to the United States without delay, although there are many reasons why it would be more convenient to have them remain in Cuba. The fear that they might fare badly at the hands of the Cubans who will be left in charge of Santiago after General Shafter's expedition goes to Porto Rico is the main objection to leaving captive troops at the places where they may be taken.

It will take a great many transports to bring 15,000 prisoners to the United States, and to transport them thence by train to the place of imprisonment, but the military authorities have decided that, all things considered, better provision for captives can be made if they are on United States soil. General Shafter's troops have provisions for six months, so that after Santiago falls there will be enough and to spare to feed victors and vanquishers for a long time, thus giving the war department plenty of opportunity to engage vessels to bring the prisoners to the United States and to erect the necessary buildings at the place which Secretary Alger has in view for the prison.—New York Sun.

Afraid of Overexposure.

Admiral Camara's investigation of his reserve fleet has convinced him that he will not be in condition for some time to take any snap shots at our vessels.—Baltimore American.

NICARAGUA CANAL.

Mr. Joseph Nimmo on Its Use In Reaching Manila.

As to the point that the Nicaragua canal, if now completed, would be of great use in reaching Manila, Mr. Joseph Nimmo shows in a recent letter that it is 11,565 miles from New York to Manila via the Suez canal and 11,746 miles via the Nicaragua canal. From Manila to London it is 9,000 miles via the Suez canal and 14,080 miles via the Nicaragua canal. The utility of the latter is not therefore so clear. The fact that the Nicaragua canal involves 220 feet of lockage and tolls—a serious impediment for large vessels—adds in effect 2,000 miles to the distance via the Nicaragua canal from New York to Manila.

For military purposes the canal would be useless unless we protect it from damage by large fleets at both ends and with soldiers distributed all along its length. For trade it is not much needed, in view of the many lines of railway we have crossing from the Atlantic to the Pacific. Sailing vessels could not reach it for want of wind, and but 300,000 tons of steam tonnage, Mr. Nimmo says, would be likely to use it. The Suez canal, being at the sea level, will be a successful competitor.—Baltimore Sun.

A man must reap as he sows. If he sows ill-health he will reap ill-health. If he neglects his health the weeds of disease will grow up and choke it.

It is a daily and hourly marvel that men will recklessly neglect their health, when a moment's thought should tell them that they are courting death. It lies in most every man's power to live to a green old age. If a man would only take the same care of himself that he does of his horse, or cow, or dog, he would enjoy good health. When a man owns a hundred-dollar horse, and it gets sick, he does not waste any time about doctoring him up. When his garden gets full of weeds, he doesn't delay about rooting them out, for he knows they will choke out his vegetables. When he is out of sorts, sick, nervous, headachey, has no appetite and is restless and sleepless at night, he pays little attention to it. The result is consumption, nervous prostration or some serious blood or skin disease. Dr. Pierce's Golden Medical Discovery is the best of all medicines for hard working men. It gives edge to the appetite, facilitates the flow of digestive juices, invigorates the liver and purifies and enriches the blood. It is the great blood-maker and flesh-builder. It cures 98 per cent. of all cases of lingering coughs, bronchial and throat affections, weak lungs, bleeding from lungs and kindred affections. Do not wait until the lungs are too far wasted to admit of being cured.

"As you know, five years ago the doctors had given me up to die with consumption," writes Mr. E. G. McKinney, of Deepwater, Fayette Co., W. Va. "I took treatment from Dr. R. V. Pierce, and am entirely well now. I had taken steadily, as directed, his 'Golden Medical Discovery.'"

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a dose.

REGISTRATION.

OFFICE OF THE COUNTY CLERK OF Alameda County, Cal.

Notice is hereby given that all citizens whose names are not now on the Great Register of Alameda county are requested to register in order to be entitled to vote at the next general election in November 1898.

That owing to failure of Legislature to provide assistance for Clerk, it is necessary to begin registration at an early date in order to satisfactorily attend to registration.

That voters who have since the date of the last general election taken up their residence in Alameda County, and those who since that date have removed from precinct in which their name appears on Great Register, must make affidavit in order to have their names placed on Register of precinct in which they now reside.

That it is NOT necessary for voters who registered, or the general election of 1896 and whose names appear on the Great Register of 1896 to again make affidavit for registration UNLESS SINCE THE DATE OF LAST REGISTRATION THEY HAVE CHANGED THEIR PLACE OF RESIDENCE.

That registration will continue to and including August 9th, 1898, after which it will cease.

Attention is called to the provisions of Section 1083, which provides that those "who shall have been a resident of the State ONE YEAR next preceding the election, and of the county in which they claim their vote NINETY DAYS, and in the election precinct THIRTY DAYS are entitled to registration."

Further notice is hereby given that affidavit for registration or transfer may be sworn to before any Deputy County Clerk in the different towns and precincts of the county, or before any Deputy County Assessor, without charge.

Affidavits can also be sworn to before any Justice of the Peace or Notary Public.

Notice is given that after the filing of affidavits, OTHER THAN FOR THE PURPOSES OF TRANSFER when names are ENTERED on Great Register, postal cards will be sent giving date of entry. If postal is not received, voters should ascertain the reason why.

The office of the County Clerk in the Hall of Records will be, until further notice, open for registration from 9 a. m. to 5 p. m. of each day.

An application of tinting and painting in the office room of Foss & McNulty, [illegible] and coal dealers, next the postoffice, has made a transformation deserving of note, and the general appearance of the yard is bettered by whitewash and paint.

ALAMEDA COUNTY NOTES.

The championship tennis tournament was completed at San Rafael yesterday afternoon and now Sumner Hardy of Oakland holds the title of Coast champion.

PROPERTY AND ITS VALUE.

Contrary to expectation the assessment roll shows a large decrease and about $10,000,000 are taken from last year's roll. The waterfront property fell to the fate of the Assessor and as much county railroad property is placed on the roll as formerly. A complete reconstruction of the list has been made by the Assessor.

He announces that property has decreased in valuation in the interior of the county as is the case in some portions of the city of Oakland. Following is the new list:

	1898.	1897.
Brooklyn	$5,218,250	$5,974,225
Emeryville	667,400	779,125
Haywards	751,375	818,425
Livermore	550,525	500,000
San Leandro	929,025	1,021,075
Pleasanton	322,025	324,425
Alameda	10,599,075	11,594,500
Oakl'd t'wns'p	1,613,275	5,736,925
Washington township	4,640,950	5,095,100
Murray t'wnship	3,354,425	3,956,375
Eden township	3,646,460	4,133,700
Oakland city	42 067,675	43,438,875
Berkeley	6,042,850	7,865,775
Total	$81,403,400	$91,299,125

The difference in Oakland township is caused by the recent annexation of a large portion of it to Oakland proper.

The exact reduction of the roll from last year is $9,895,725.

Stacey Rodgers, who shot and killed Edgar E. Halsey in Berkeley on the evening of March 29th, was sentenced yesterday by Judge Ellsworth to serve six years in San Quentin.

In passing sentence Judge Ellsworth said that he was moved to make the sentence as light as possible, since he believed there were certain mitigating circumstances. He then briefly ordered Rogers to serve six years in San Quentin.

Rogers himself, as he walked back to the jail in company with the deputy sheriff, expressed himself satisfied that the sentence was a light one.

A Gala Day at Boswell's.

West Berkeley Episcopal Sunday school held its picnic on the Fourth at Boswell's ranch and proved a most enjoyable day, owing to the kind and valuable assistance of East Berkeley and Lorin friends. The children competed for various prizes provided by the Ladies' Guild, and the games went on without intermission except for luncheon. They consisted of baseball, racing, jumping, a sack race, races run backward, a tug of war, etc., concluding with patriotic songs led by Mrs. Chase, and joined in by the children with much enthusiasm.

ALTERATION SALE NOW IN PROGRESS

As a rule this is considered the dullest time of the year, ry often circumstances make business, and just now, though we have merely intimated an increase in our store room, and are hardly through preparing our stock for the great reductions in prices, which are going to rule during this sale, our store was crowded with customers eager to take advantage of the many bargains marked out in all directions.

By to-morrow we expect to issue 20,000 pamphlets which will give some idea of our reduced price lists and show how money can be saved just now.

However, these pamphlets do not represent by any means the actual bulk of our stock, but are merely signs which indicate the general tend of prices which is taking place all through the house.
